Heth:

I'm not sure what the problem is but, I'm having no luck in opening the Chain of Custody document that Tom sent to me earlier today nor can I save either of the pictures you sent of the pipeline break location.... are they zip files?? We can't open zip files on EPA computers.

Anyway, I've spent too much time trying to fix the problem already so, here's what I need you to do.... please email me and Bill three things: 1) picture of the pump station location where we took the sample; 2) picture of the pipeline break location you took today; and 3) the Chain of Custody documentation that Tom sent earlier.

We will forward this information over to the Arkansas AG's office.

Thanks Heth.

Mike
